Q3 2014 Segment Review

technicolor

Technology - Highlights

Technology Revenues, €m

Change at current rates

Key Business Highlights

- Revenue down 5.5% vs. Q3 2013
- MPEG LA revenues marked an improvement compared to H1 2014 trends, benefiting from an improvement in the PC market
- Solid performance across the different licensing programs
- Lower level of new contracts and contract renewals vs. Q3 2013, which included a large video codec license

Recent Developments in Innovation and Licensing

Innovation

Active contribution in standardization bodies to promote our technologies

- Promoting technologies around HDR, WCG and metadata-based services to enable immersive media experiences
- Contribution to MPEG, BDA and ATSC standard bodies

Partnerships to accelerate the development and adoption of Technicolor technologies

- With Sinclair Broadcast, a partnership to offer broadcasters the ability to deliver the highest quality content both at home and on-the-go
- Through the successful migration of Samsung video hub customers to M-GO

Licensing

Exclusive licensing agreement with Warner Bros. Entertainment

- Technicolor to represent the studio as its patent licensing agent to capture the value of the studio's patent portfolio

Licensing teams progressing in their discussions to expand the smartphone licensing program

Active dialogue with other key holders of HEVC standard-essential patents

- With an objective to offer the industry an appropriately valued alternative pool for HEVC

Entertainment Services - Highlights

Revenues*, €m

Change at current rates

YoY volume change for SD and BD, million units

*Excluding legacy activities

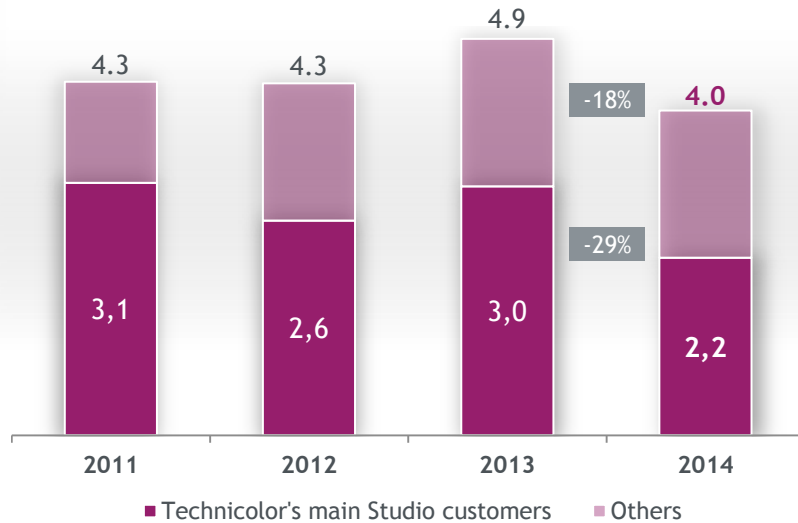

Key Business Highlights

- **Entertainment Services** down at 7.4% at current rates vs. Q3 2013, due to weak DVD volumes in Q3 2014
- **DVD Services** revenues were affected by the weakness in volumes resulting from the combination of two elements:
 - An exceptionally weak slate of releases from key customers
 - A reduction in catalog and promotional activities with one customer
- **Production Services** revenues recorded another quarter of strong double-digit growth, driven by VFX and Animation activities, as well as Postproduction Services in the US

DVD Volumes Affected by an Exceptionally Weak Slate of Customer New Releases

Our key customers recorded a 29% drop in their US summer B/O vs. -18% for the overall B/O

US summer Box Office, \$bn

A reduced number of Box Office hits have been replicated in DVD in Q3 2014

Connected Home - Highlights

Revenues, €m

Change at current rates

Geographical breakdown & Growth at constant rates

Key Business Highlights

- Revenue up 2.2% at current rates vs. Q3 2013
- Solid and continued revenue growth in North America and EMEA
- Slight volume increase limiting the expected revenue decrease in Latin America, despite continuing market softness, and some revenue improvement in APAC, despite mixed market conditions
- Increase in gross margin and Adj. EBITDA, due to solid operational performance and further cost optimization
- Material free cash flow generation

Connected Home - Key Operational and Innovation Achievements

A balanced geographical exposure

- **Market share gains in North America and EMEA**, with new customer wins on top of the high-end gateways being currently shipped to US Cable customers
- **Maintained leadership in Latin America**, with new awards for high-end products
- **Building early position in 4K/Ultra HD in India**

Key operational achievements

- **Gross margin improvement** driven by larger volumes, leading to better cost of components and manufacturing
- **Highly efficient and dependable supply chain**: c.3m products per month shipped to 70 different countries, with close to 99% on-time delivery
- **Reduced time-to-market** to launch new technologies

Key differentiators for higher added value

- **Best in class Wi-Fi**, with largest number of carrier grade Wi-Fi gateways deployed in the industry (over 50m), beating competition for higher customer satisfaction
- **Development of next generation ultra broadband solutions**
- **Introduction of Ultra HD/HDR set top boxes** at the IBC
- **Innovative design and user interface**

A full OTT services offering

- **Ensure the best quality of OTT service through a large range of solutions** (customizable backend platform, adaptive intelligent streaming software, extended wireless coverage)
- **Introduction of several packaged solutions** to offer NSPs ready-to-use and plug-and-play solutions

Q3 2014 Guidance

technicolor

Adj. EBITDA between €550m and €575m in 2014
